Problem Solving

LANGUAGES

English

Intermediate

Tamil

Mother Language

AREAS OF INTEREST

Web Development

Data Science

Cloud Computing

EMPLOYMENT HISTORY

Intern, Retech Solutions

- Gained hands-on experience in building and integrating web applications as part of a full stack development team.
- Designed and implemented responsive user interfaces using HTML and CSS, ensuring cross-browser compatibility, clean layout structure, and improved user experience.
- Worked with MySQL to manage databases, including writing efficient SQL queries, performing CRUD operations, and ensuring data integrity and proper schema design.
- Utilized Python and Java programming languages for full stack development tasks.
- Collaborated with mentors and peers to debug issues, refine code quality, and meet project timelines.

EDUCATION

B.Sc. Computer Science with Cognitive Systems

SHRIMATHI DEVKUNVAR NANALAL BHAT VAISHNAV COLLEGE - CHROMPET, CHENNAI |
EXPECTED 2027

- CGPA: 7.8

High School

BHARATH VIDHYA MANDHIR MATRIC HIGHER SECONDARY SCHOOL

- 12th Grade: 77.83%
- 10th Grade: 81%

PROJECTS

AI-Based Decision Support System – Final Year Project

- Developing an AI-based system to analyze complex problems and provide data-driven decision recommendations.
- Integrating AI/ML techniques with a user-friendly interface to support effective decision-making.
- Technologies: Python, AI/ML, SQL, HTML, CSS, JavaScript

Python-Based Robotics Data Analysis Project

- Analyzed robotics-related data using Python to identify patterns and meaningful insights.
- Created data visualizations using Matplotlib and Seaborn to present analysis clearly.

CERTIFICATIONS

Power BI: Visualize to Realize

FOCUS4D Career Education Pvt. Ltd.

Python with Data Science

CIRF

NPTEL – Distribution of Cloud Computing

NPTEL

KEY STRENGTHS

- ◆ Problem Solving
- ◆ Quick Learner
- ◆ Attention to Detail
- ◆ Communication
- ◆ Team Collaboration
- ◆ Time Management
- ◆ Adaptability
- ◆ Data Handling
